

CASE STUDY: ASSIST FACILITIES MANAGEMENT

THE SITUATION

Assist Facilities Management was established in 2000 with a total of 25 years experience in all aspects of Asbestos management to help their customers meet their legal obligations, and making the working environment a safer place for SME and larger corporations.

With ISO 9001:2000 accreditation and UKAS accreditation for carrying out Asbestos Surveys, Assist Facilities Management aims to deliver quality services within the agreed timescales and get it right first time.

In order to be ahead of the game to add superior customer value, they have partnered with Neil Howard Telecoms to use the latest technology available so that they can run their business more efficiently.

THE SOLUTION

By working with Neil Howard Telecoms, Assist Facilities Management not only achieved higher costs savings but they could bundle all the minutes and texts together which led to more control. More over, senior management are most of the time out of the office and they need to be contactable all the time hence the reason why they use mobile e-mail.

THE RESULT

By changing tariffs and providing Assist Facilities Management with the right mobile e-mail solutions, the company has saved money as well as gained efficiency.
